

Which is the safest browser for android

Continue

By default, Brave blocks the trackers & creepy ads on every website you visit. And that thing where ads follow you across the Web? We block that, too. All the good of ad-blocking, incognito windows, private search, even VPN. All in a single download. Quickly import bookmarks, extensions, even saved passwords. It's the best of your old browser, only safer. And it only takes a minute to switch. No creepy ads & trackers means less stuff (visible or hidden) on the sites you visit. And that means faster page load, better battery life, even mobile data savings. Cross-site trackers blocked Fingerprinting blocked (cookie-less trackers) Malware & phishing protection* Protections against bounce tracking Anonymized network routing (Tor mode) * Google safe browsing + malware & phishing protection from crowd-sourced lists. Table describes default browser configurations. Only here for the privacy? We got you. Just download and enjoy... Want a more bespoke experience? Brave's got great customizations, too: If your download didn't start automatically, click here. Click "Save" in the window that pops up, and wait for the download to complete. Wait for the download to complete (you may need to click "Save" in a window that pops up). Click the downloaded file at the bottom left of your screen, and follow the instructions to install Brave.
